

# KLEENE Spirit! WRITING WORKSHOP

With **K**nowledge and **L**iteracy, I'm **E**mpowered, **E**quipped, and **N**oticeably  
**E**ngaged in becoming everything that I aspire to be in life.

Knowledge + Literacy = Empowerment

Our **KLEENE Spirit** Writing Workshops are unique and custom-tailored depending on the age group and number of participants we are working with. Through positive thinking and creative expressive methods, we inspire writers of all levels to be courageous enough to think outside of the box and express themselves on paper in ways that are beneficial, elevating, and self-motivating.

All workshops are interactive and stimulating where students are engaged emotionally and physically. All workshops include a generous supply of necessary materials for the writers for use during the workshop and supplies to take home to continue their creative literary works afterwards.

If you are interested in scheduling a **KLEENE Spirit** Writing Workshop for your group/class, please contact us for more details, pricing, and registration at (704) 728-7050.
